

Battery Packs for EV

Dimension: 360*213*185MM

Available Capacity and Voltage: 48V/40AH-80AH

60V/40AH-60AH

72V/30AH-50AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 255*200*182MM

Available Capacity and Voltage: 48V/15AH-25AH

60V/20AH

72V/17.5AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 185*155*230MM

Available Capacity and Voltage: 48V/20AH-40AH

60V/20AH-30AH

72V/20AH-25AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 198*160*180MM

Available Capacity and Voltage: 48V/20AH-30AH

60V/20AH-25AH

72V/20AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 250*195*175MM

Available Capacity and Voltage: 48V/20AH-25AH

60V/20AH

72V/15AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 220*160*175MM

Available Capacity and Voltage

48V/20AH-30AH

60V/20AH-25AH

72V/20AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 220*160*165MM

Available Capacity and Voltage

48V20AH-30AH

60V20AH-25AH

72V20AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 220*195*175MM

Available Capacity and Voltage

48V20AH-40AH

60V20AH-30AH

72V20AH-25AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 220*190*160MM

Available Capacity and Voltage

48V20AH-40AH

60V20AH-30AH

72V20AH-25AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 255*144*76MM

Available Capacity and Voltage

48V/12AH

48V/15AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 340*170*76MM

Available Capacity and Voltage

48V20AH-25AH

60V22.5AH

72V17.5AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 220*160*175MM

Available Capacity and Voltage

48V20AH-35AH

60V20AH-30AH

72V22.5AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 198*160*180MM

Available Capacity and Voltage

48V20AH-30AH

60V20AH-25AH

72V20AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 225*168*360MM

Available Capacity and Voltage

48V20AH-80AH

60V20AH-70AH

72V20AH-60AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 238*160*280MM

Available Capacity and Voltage

48V20AH-50AH

60V20AH-40AH

72V20AH-30AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

Battery Packs for EV

Dimension: 220*170*240MM

Available Capacity and Voltage

48V20AH-50AH

60V20AH-40AH

72V20AH-30AH

(Can be selected according to customer requirements)

Cell Types: ICR18650 Cell

ICR26650 Cell

IFR32700 Cell

(Can be selected according to customer requirements)

Adaptable EV: Two-wheeler Vehicle, Three-wheeler Vehicle

8重保护 安全护航

内置进口智能保护芯片

-  短路保护
-  过充保护
-  过压保护
-  过流保护
-  过放保护
-  温度保护
-  平衡功能
-  充电防逆

誠信天下

针对现在市场上虚标容量泛滥，我们郑重承诺

我们只补足容量
